

Z-GROUP architects

Z-Group Architects (CGA) has completed more than twenty-five major Historic Projects in Colorado which include renovations and additions to Existing Historic Buildings as well as New Buildings designed to compliment Historic Settings. We have successfully worked with many Historic Preservation Groups & Commissions to create usable, updated spaces while keeping the Historic Content of the original building intact. We have recieved Recognition and Awards from several Historic Preservation Organizations, and we have projects listed on the National Registry for Historic Places.
