

Z-GROUP architects

For many years, Z-Group (CGA) Architects has been involved in Master Planning projects for Educational Campuses, Government Complexes and Private Developments; ranging from Local Communities wishing to preserve their small-town character, to International Resorts striving to develop Leisure & Resort Areas that are on the cutting-edge of design. In each case, Z-Group (CGA) has provided complete and thoughtful planning services – always giving the utmost consideration to the existing community, best land-use practices, and the desired direction for growth and management. Our Planning Philosophy is fueled by our drive to fulfill each community’s future needs and our commitment to respect its existing character and utilizing Green design strategies.
